RE: MB Docket No. 04-233

Dear Ms. Dortch:

I am writing on behalf of the Greater Bluefield Chamber of Commerce to express our concern for new rules being considered that could have a negative impact on our local television station. Local stations, including WVVA, provide a valuable community service to our region and we rely on their coverage to promote the region.

WVVA is very much a partner with our chamber. In addition to generous advertising of our events they also offer the best in local news coverage. Our relationship with the station is one that is mutually beneficial to all of us. We have always found all of the management and staff of the station to be most helpful and truly interested in Four Seasons Country. We have found television in general, and WVVA in particular, to be most cooperative with any of our requests.

As President of the Chamber, I strongly encourage the FCC to refrain from establishing any rules to change a system that is working well.

Sincerely,

Marc Meachum
President & CEO
